The Future of Luxury Hospitality: Elevating Design and Experience

Luxury hospitality is evolving, with the world's leading hotels redefining excellence through adaptable, sustainable, and experience-driven spaces. Today's chefs and F&B leaders seek more than well-designed products—they need intelligent solutions that blend efficiency with aesthetics to create exceptional guest experiences.

At Craster, we craft purposeful solutions trusted by the most discerning hospitality brands, enhancing operational flexibility, streamlining planning, and elevating service.

Innovating for a dynamic future

Stak and Fare evolve further, enabling transformative spatial configurations that adapt throughout the day—minimising inventory while maximising impact. The Tilt collection expands with the introduction of our first fine bone china coupe selection, chosen for its exceptional durability, lightweight material, and refined aesthetic. Tilt Mini enhances service versatility, offering seamless interoperability across breakfast, lunch, and evening dining.

Sustainability remains central to our philosophy. Our new Tilt yoghurt dispenser significantly reduces single-use plastics, reinforcing our commitment to longevity and responsible design.

Designed to last, inspired by hospitality

True hospitality lies in the details: seamless service, intuitive design, and thoughtful touchpoints that surprise and delight. As Will Guidara shares in 'Unreasonable Hospitality', exceptional service isn't just about meeting expectations—it's about creating something unforgettable.

At Craster, we share this belief, providing chefs, designers, and operators with the tools to craft extraordinary experiences. Inspired by those who bring our products to life, we look forward to shaping the future of hospitality together.

Let's create the future together.

• Black dots denote 'Gold' products

e.g. BU_FR008 •

We aim to hold stock on all 'Gold' items in our warehouses to cover regular orders of these popular products.

*Please note: not all our products are dishwasher safe. Unless specified otherwise, we recommend hand washing to maintain their quality and longevity. For detailed care instructions, please refer to the product-specific guidelines provided on our website or contact our customer service team.

Craster Design Studio

Craster Design Studio is a team of experienced industrial and interior designers and developers. We focus on product creation and space curation for the hospitality industry.

The studio was born out of collaborations with hospitality professionals, operators and interior architects with the intent to create innovative and intelligent solutions. We derive our inspiration from the collaboration itself, the quality of materials, best-practice design methodologies and achieving functional excellence.

Our Design Philosophy

We create intelligently designed solutions that elevate hospitality experiences through a balance of form, function, and longevity. Our philosophy is centered on crafting refined, purposeful products that seamlessly integrate into luxury environments, enhancing both presentation and operational flow.

Our approach is guided by three key principles:

→ Experiential craftsmanship—Every product is developed to create memorable, tactile interactions, considering proportion, usability, and aesthetic impact to enrich the guest experience.

→ Versatile design thinking—Our collections are designed with adaptability in mind, allowing for seamless integration across different hospitality settings while maintaining a cohesive visual language.

→ Sustainable longevity—We are committed to material integrity and meticulous craftsmanship, ensuring our products endure the rigors of hospitality service while reducing environmental impact.

By designing with both today and tomorrow in mind, we empower our clients to create hospitality moments that are both enduring and effortlessly elevated.

As a manufacturer, longevity is a powerful way to reduce our impact on the environment. We achieve this in a number of ways. We are uncompromising in the quality of materials we employ. We will always strive to eliminate the extraneous. And we care about build quality and detail. Many of our products are still working hard in relentless hospitality environments 15 years after being introduced into service.

Alex Craster, Founder of Craster

Product Design

Combining Client Collaboration and Bespoke Manufacturing

In the competitive world of premium hospitality, delivering unique guest experiences is essential.

At Craster, we help clients stand out with custom-designed products that blend aesthetics, functionality, and craftsmanship.

Tailored to Your Vision

Every hospitality space is unique, and our Custom Design Service enables clients to create bespoke solutions that align seamlessly with their brand identity and operational needs.

Whether refining existing designs or developing something entirely new, we collaborate with leading hotels and restaurants to craft exclusive solutions that elevate both style and service flow.

Crafted for Quality and Longevity

Each bespoke piece is built to last, reflecting the same precision, sustainability, and intelligent design as our core collections. Clients can expect meticulous craftsmanship and hospitality-grade durability, ensuring consistency across both standard and custom solutions.

Our Collaborative Process

→ Consultation and concept development: Understanding brand positioning, operational requirements, and design intent.

→ Design and prototyping: Refining concepts into functional, manufacturable solutions.

→ Precision manufacturing: Using premium materials and expert craftsmanship to ensure lasting quality.

→ Seamless delivery and support: Reliable production, global logistics, and ongoing client assistance.

Contact your Craster representative to collaborate on distinctive, high-performance hospitality solutions.

Space Curation

**Our PLAN 2.0 software makes designing, refining, and visualising hospitality setups effortless.**

Watch the video to see PLAN 2.0 in action

Start with a photo: upload an image of your space for a real-world reference. Then, explore Craster's curated product library to configure trays, dispensers, and modular displays with ease.

Whether designing a coffee station or any other F&B setup, PLAN 2.0 ensures an optimal balance of style and function. Its Augmented Reality (AR) feature places your design into the actual space, allowing teams to fine-tune product positioning for seamless service flow and accessibility.

Once final, share the design for quick approval, eliminating guesswork and streamlining execution.

Make smarter decisions, optimise service flow, and create beautifully functional spaces—all before placing an order.

Contact your Craster representative to explore PLAN 2.0 today.
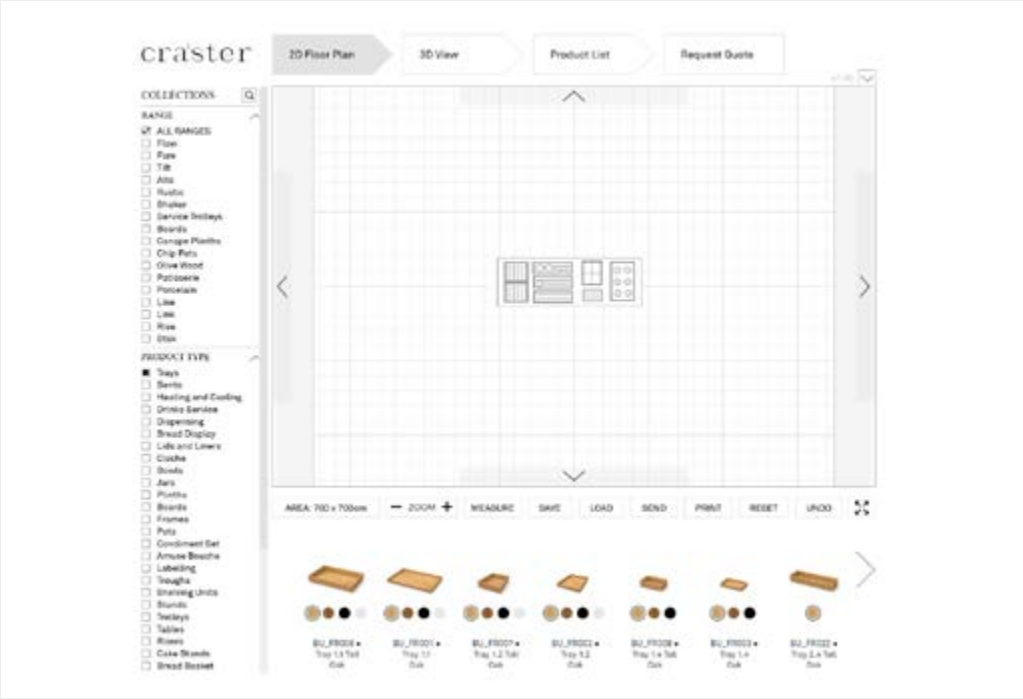

PLAN 2.0

1. **Capture** an image of your space.

2. **Curate** the Craster products on your wishlist using the 2D Floor Plan and 3D View features.

3. **Create** a PLAN 2.0 visual of your space with the augmented reality feature.

How to Create Your Buffet with Flow

The Flow range is crafted around a gastronorm footprint, enabling you to create a custom display.

To build a display, simply select a gastronorm size, a frame (flat or angled), and a top (deep or shallow trays or flat plinths).

Gastronorm sizes

1.1	1.2	1.4	2.4	3.9

Flow Bento System

Curate delightful dining experiences with modular Stacking Bento Boxes for meal and drink delivery without single-use plastics. These boxes consolidate cuisine presentations for covered transport to Bali beds, party villas, or poolside loungers.

Flow trays offer a sustainable solution, shifting easily from Bento arrangements to full buffet setups with frames, trolleys, and stands.

Flow Bento System

Mix lids and drop-in internal dividers to craft your Bento solution using Flow 1.1 and 1.2 gastronorm trays.

Stacking Bento Box components integrate seamlessly into the Flow system, with bespoke designs available on request.

Flow Sliding Lid

Designed for intuitive use, the Flow Sliding Lid provides a sleek aesthetic alternative to standard gastronorm lift-up lids and is ideal for covered food presentation as part of a large display or single-serve. The lid has been carefully designed for single-handed use, providing easy access and a smooth self-service experience.

The Flow Sliding Lid is compatible with 1.1 Flow trays.

Flow Tritan Lid Liner

Designed to offer a contemporary, glass-like covered solution, the new Flow Tritan Lid Liner offers a premium guest experience for covered food presentation and wet food display in a dishwasher-safe and BPA-free material.

Flow Lid Liners can be used as a lid or a liner, enabling Flow trays to hold fresh ice for drinks or yogurt pots, or to transform trays into covered cuisine solutions. The Flow Tritan lid liner is compatible with 1.1 Tall and 1.2 Tall Flow trays as both a lid and a liner. Use with 1.1 and 1.2 Low trays as a lid only.

Flow Cooling Trays

The Flow Cold Cell Cooling Trays allow for elegant display of chilled gastronomy. Offering exceptional cooling performance over previous models, the new cold cell technology enables the food-safe slate presentation area to hold a temperature below 8°C (46°F) for up to four hours.

Available in whitewashed, black lacquered, natural oak, or natural walnut, the Flow Cold Cell Cooling Trays are compatible with 1.1 and 1.2 Flow frames.

Flow Trolleys

Flow Trolleys have been specified by the Craster design team to offer complete display flexibility. With multiple extending shelves and folding platforms, each trolley offers an adaptable solution for both single and double-sided service for action stations or grab-and-go displays.

Flow's interchangeable and stackable components offer versatility to tailor gastronomic display and allow for efficient replenishment between front and back-of-house.

Flow Hot and Cold Trolleys

Flow Hot and Cold Trolleys deliver dual cooling and heating functionality in one compact, versatile display unit, enabling functional flexibility from chilled breakfast juice stations to heated brunch action stations and frosted grab-and-go cuisine presentation.

Specified by the Craster design team to withstand temperature changes, the food-safe, durable top offers a wide temperature range from -5°C (23°F) to 140°C (284°F). The trolley features multiple extending shelves, giving added storage for multi-height display with double-sided service.

How to Create Your Buffet with Tilt

Tilt is a flexible system composed of cylindrical metal frames compatible with serving top solutions for both wet and dry foods as part of a large display or in single-serve presentations.

To create a custom display, choose a frame diameter and height. Then pair it with bowls, plinths, or juice dispensers crafted from luxurious marble, black glass, stainless steel, or solid wood. For a seamless setup, ensure that your selected display vessel is compatible with your frame's diameter.

Tilt Porcelain Platters

With a gentle hemispherical curve, Tilt Porcelain Platters enhance food presentation—especially salads—creating volume and visual impact with less product.

Available in white, grey, and dark grey, the colours match our bestselling Tilt Bowls and offer flexibility for buffet display. Darker tones highlight vibrant ingredients and help paler foods stand out. Made from high-fired porcelain, the platters are durable and dishwasher safe for everyday professional use.

Tilt Olive Wood Bowls

Beautifully handcrafted from solid olive wood, each piece in this collection showcases the rich, natural grain of the timber. Ideal for displaying fresh produce, these rustic bowls and platters bring organic warmth and character to any setting.

Due to the natural variation in grain and the artisanal process, each item is unique—subtle differences in size and finish are to be expected.

Tilt Large

The Tilt Large range features an expanded footprint to accommodate larger serving sizes and presentation surfaces. Large frames feature a precision-fitted rubber gasket, which gently grips the surface of these larger Tilt pieces, allowing them to be used at multiple angles while offering poise at height.

Luxurious marbles and natural timbers offer exceptional display surfaces in this expanded footprint.

Tilt Large Frames are available in tall, medium, and low.

Tilt Large Plinths operate on both Tilt Large and classic Tilt frame sizes. Tilt Extra Large Plinths operate only on Tilt Large Frames.

Tilt Mini Frames

The Tilt Mini Frame range is a refined and versatile solution for enhancing buffet and event presentations. Offered in three configurations — quintuple, triple, and single — and available in two heights, these frames are designed to pair with our mini jars and bowls.

Perfectly suited for a variety of settings—including bars, breakfast buffets, candy stations, VIP boxes and in-room amenities— the mini frames facilitate diverse arrangements that can accommodate an array of toppings and garnishes.

Tilt Drinks Service

With its elegant curves and simple, functional features, the ice-free Tilt Juice Dispenser is a perfect addition to any group setting, quenching guests' thirst with a seamless serving experience.

The innovative ice-free cooling system keeps 8 litres of liquid (2.1 gallons) cool for up to 4 hours, ensuring seamless service across safely timed guest visits, with an intelligently designed drip tray locating easily onto the Tilt Frame for enhanced stability and reduced spills.

Hand-blown from soda lime glass, our Tilt Carafes feature a tapered neck with angled top for pouring. Ideal for serving water or juices, they can be used alone or combined with Flow Carafe Risers or Flow 2.4 Carafe Plinths to create a unique display for groups or alone for in-room or at-table dining. Add Carafe Corks to stop spills and cover drinks between services.

Background Marker Touch Up and Mineral Oil

Our Pure Mineral Oil provides protection, retaining the wood's natural colour and character while prolonging the life of your board. The oil is clear, tasteless, odourless, and food safe, making it ideal for use on wooden items including bowls, risers, and utensils. It can also be used on slate or stone.

Mineral oil can be applied with a folded kitchen paper towel.

Solo

Solo is crafted using traditional slip-casting: liquid porcelain is moulded, pressed, and hand-finished to remove imperfections. Glazed inside and high-fired for durability, every piece is dishwasher and microwave safe.

The unglazed matte exterior highlights the natural beauty of porcelain. Select forms stack, inspired by Japanese Tiffin boxes —ideal for refined, service-led plating.

Olive Wood Bowls

Our standalone Olive Wood Bowls have a special and vivid grain structure, making each piece unique.

Every bowl is shaped from a new piece of wood; despite our meticulous drying process, cracks can occasionally appear in the wood due to the specific nature of these natural products.

FURNITURE

Fare

→ Configurable F&B distribution and display system.

→ Designed for all-day operational efficiency.

→ Gastronorm footprint for modular use.

→ Use as standalone trolleys or expanded stations using a drop-in bridge.

→ Metal frame is enhanced by reversible, replaceable hardwood or HPL panels for extended durability.

→ Accessories like speed rails and concealing panels maximise functionality and optimise front-of-house use.

Ideal for:
Breakout lunches, mid-morning coffee and pastries, drop-in coffee station, Bloody Mary cart, drinks station, front bar.

Fare Trolley System

The Fare Trolley collection offers multiple configuration options.

Select from solid timber or HPL options and extend presentation surfaces using the bridges, which fit between two trolleys on the short or long side.

Additional accessories, such as speed rails and pots, maximise surface area, and mesh panels provide flexible, concealed storage or display.

We've really taken our current Fare systems and our mobile F&B offering to a whole new level – our ice well and hot holding drop-ins are an essential, functional addition to the range.

James Auld, Product Design Manager at Craster

Fare Trolley System

The Fare Trolley and Bridge are designed to optimise F&B presentations, with the flexible slot-in bridge fitting on top of the trolley for transport and storage and easily bridging two trolleys to provide additional surface display.

Available in solid timber and HPL options. Accessories operate across both 3.1 and 2.1 trolleys.

Stak Shelving Unit

The Stak Shelving Unit adds agility to front-of-house displays with a unique, intuitive construction. Each shelf within the frame can be angled or flat to offer dynamic presentation and storage surfaces, and bridges connect shelving units to lengthen merchandising areas. Wheels and cable management provide further flexibility to the Stak system.

Coverage panels and signage accessories available on request.

Stak + Fare: A Mobile F&B Toolkit

Stak + Fare redefine flexibility in hospitality, transforming spaces effortlessly with minimal inventory.

A single set of frames seamlessly adapts to multiple uses—from back bar to outdoor dining, grab-and-go to banqueting—ensuring operational agility without compromising aesthetics.

The Stak adjustable shelving and bridging system pairs with Fare modular trolleys and surfaces, allowing teams to reconfigure layouts in real time.

The result? A dynamic, space-efficient setup that evolves with service needs, reducing storage while maintaining a cohesive look.

Designed for premium hospitality, this intelligent, mobile system brings efficiency, elegance, and adaptability to every venue.

FURNITURE

Line

Features: Lightweight tops and a compact, folding leg system for hygiene-focused, linenless table design.

Intuitive: Locking system with ergonomic grip allows single-person setup, breakdown, and changeover —no tools needed.

Sizes and shapes: Available in 1800mm and 1500mm; shapes include rectangular, classroom, trapezoid, and half-round for versatile configurations.

Components: Includes tabletops, legs, optional modesty panels, optional cable management, and mandatory trolleys.

Construction: HPL tops with durable Reef edges; legs and undersides match in colour, with recommended pairings and custom options available.

Storage and transport: Trolleys store eight tops and legs, offering high stacking density for efficient transport and storage. Legs fold to 43mm (1.7in) width; table tops slot beneath the trolley for efficient, compact storage.

Discover more

Intuitive Set-Up

Intuitive locking system and ergonomic grip for seamless set-up, breakdown and changeover. No tools required.

Wipe-Clean Hygiene

ISO 22196 compliant laminate tops offer wipe-clean ease.

Compact Storage

Legs collapse to 42mm (1.7 inches), with tops slotting underneath on the trolley for class-leading storage density back-of-house.
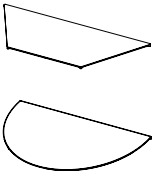

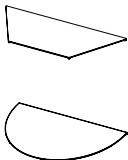

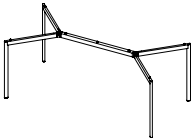

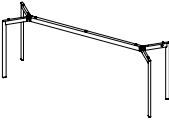

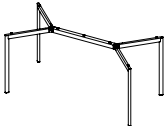

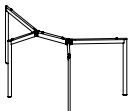

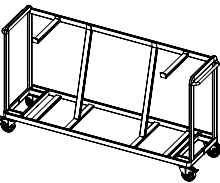

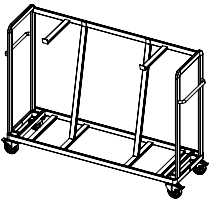

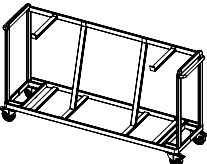

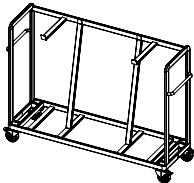

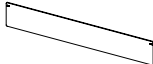

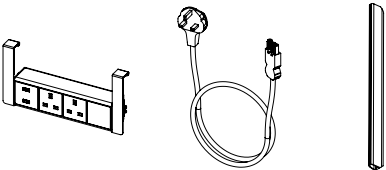

Line Table System

The Line Table System is available in two sizes – 1800mm and 1500mm – and in four different shapes – rectangular, classroom, trapezoid and half round – to create various configurations to suit any space requirement. Line consists of five different elements: table tops, legs, modesty panels (optional), cable management (optional) and trolleys.

Also available in dimensions 1800 × 600 mm and 1500 × 600 mm.

Please contact your Craster representative for further information.

Line Cable Management

Line Table power units have been designed to fit discreetly beneath tables, with a subtle cable management sleeve to reduce trip hazards and unsightly wires. Equipped with male and female sockets, each unit can be daisy-chained together, with magnetic clips provided to channel cables discreetly along table frames. Intelligently designed USB-A and USB-C outlets for mobile and laptop charging may be toggled in and out and replaced without affecting adjacent sockets.

Available in North American, EU (Schuko), UK/IRL, and Japanese sockets as standard.
Other regional sockets available upon request.

Link

Introducing **Link**, a sleek, versatile events table for ambitious event space designs.

Supports: Full F&B services, presentations, and seating areas, combining front-of-house elegance with back-of-house functionality.

Complements: The Line system for a seamless look across spaces.

Features: Slender obround legs with a central folding mechanism for easy storage and setup in three heights.

Shapes: Available in rectangular, round, and square.

Customisation: Linenless design with durable HPL or toughened glass tops for flexible, hygiene-conscious, wipe-clean solutions. Choose table shape, top material/finish, and leg height (short, medium, tall).

Nesting arrangements: Mix and match different heights for versatile setups.

Trolleys: Store up to six tops and legs, ensuring safe transport and storage of glass and HPL tops with excellent stacking density and craftsmanship.
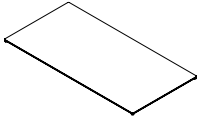

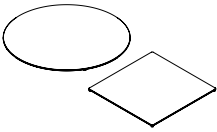

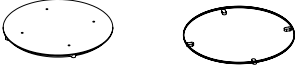

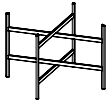

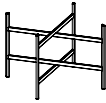

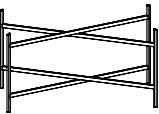

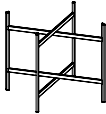

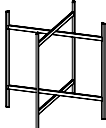

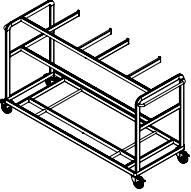

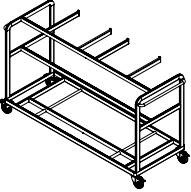

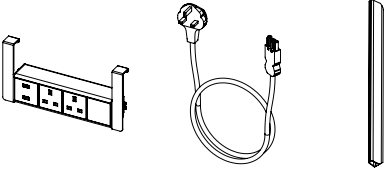

Discover more

Link Table System

The innovative Link Table System blends front-of-house poise with back-of-house functionality in a beautiful concept. Available in three shapes—rectangular, round and square—Link tables can be combined with different height legs to create nesting arrangements.

Select a shape and material for the top and finish by choosing a leg height (short, medium, tall). The Link 600 series is an ideal cocktail table footprint. Note that 600 series tops and legs do not operate with other Link products.

Luggage Racks

Luggage racks combine rigid construction and beautifully finished materials.
The integrated backboard prevents luggage from damaging the walls.

Shaker Bins and Storage

Made from fine Scandinavian Aeroply in the tradition of 19th-century American Shaker community, the Shaker range adds a touch of luxury to the bedroom or bathroom.
