PLAN YOUR ALL-DAY DINING AND AGILE SPACES IN 2024

Craster's latest products are important to Hoteliers: smaller Milk, Juice, and Water Dispensers designed to complement the larger volume dispensers (like Grapefruit & Apple Juice). We also have new Low Tilt Stands for condiments. Here's what's new:

- Flow Cold Cell Cooling Trays: Maintain chilled temperatures for displays
- Tilt Copper Bowls & Flow Label Holders: Dishwasher-safe, PVD-coated copper
- Tilt Mini Juice Dispenser: 1-litre capacity for smaller servings
- Tilt Mini Frames: Black powder-coated steel
- Tilt Yogurt Dispenser: Pumps 30 ml servings, dishwasher safe inside

Join our newsletter for more updates and promotions, and stay informed about the upcoming PLAN 2.0 Design Service!

In our regular (but not too regular) newsletter, we cover ideas, news, the latest products and promotions, we will of course do something on the PLAN 2.0 Design Service when it is fully up and running. Just let me know and I will add you to the list. We must be doing something right, as the limited email list got a 100% open rate the last time!
